

RESOLUTION OF COOPERATION

WHEREAS the Town of Duanesburg, like many other rural municipalities, faces a number of complicated issues and,

WHEREAS the members of the Town Board recognize such issues as Planning and Zoning, Pure Water, Septic, Automation of the Town Hall Services, Solid Waste and Finance as some of the more pressing issues faced by the Town of Duanesburg and,

WHEREAS each Member of the Town Board understands it will require cooperation, dedication, compromise, stick-to-it-ivness, and genuine old fashioned hard work to solve these issues.

NOW, Be It Resolved that each board member does hereby agree to dedicate his or her efforts to solving these and other important issues in a "Spirit of Cooperation," with the other board members. Disagreement is part of any healthy government and when members or any group agree to work on solving their disagreements by compromise in a "Spirit of Cooperation," the agreed on solution will most likely be the best overall result for the residents of our Town.
