RECEIVED

Subject: Accessory Buildings

TOWN OF DUANESBURG  
TOWN CLERK

Dear Mr. Gage,

I respectfully appeal the decision reached at the Board meeting of August 15, 2023 that accessory buildings under 144 square feet do not have to meet any requirements under the Zoning Ordinance because they don't require a building permit and request that the full board and the board attorney have an opportunity to review the situation and applicable elements of the Zoning Ordinance and applicable New York State Building Code requirements as to the specific wording. The Ordinance states that the specific intent and purpose is regulating and restricting the location and use of buildings and structures. No exceptions are mentioned. 3.5.2 No building or structure shall be erected unless in conformance with the regulations. No exceptions are mentioned. 3.5.1 Yard Requirements in General: Front, rear, and side yards shall be provided in accordance with the requirements of the principal building and accessory buildings. No exceptions are mentioned. The fact that a building permit is not required relates to the NYS Uniform Fire Prevention and Building Code. The Zoning Ordinance has several cases where a building permit is not required either by the NYS Building Code or the Zoning Code such as loading areas for commercial buildings, parking areas for residential sites, minimum parking spaces, lights, and fences. These don't require building permits yet are still regulated under the Zoning Ordinance. The mere fact that a building permit may not be required does not appear to eliminate the requirement to comply with the enumerated requirements of the Zoning Ordinance. As the NYS Uniform Fire Prevention and Building Code is incorporated in the Zoning Code there is a provision in the Fire Code 315.4 Outside Storage: Outside storage of combustible materials shall not be located within 10 feet of a lot line. Distance can be reduced to 3 feet for storage not exceeding 6 feet in height. This storage building is combustible. It may even store flammable materials. If it is determined that the Zoning Ordinance permits a combustible building on the lot line, then the NYS Fire Prevention and Building Code must be followed. The Zoning Ordinance states: If the requirements of the Zoning Ordinance are at variance with the requirements of any other lawfully adopted rules, regulations or ordinances, the more restrictive shall govern. In any event I am sure no one wants to see the proliferation of sheds such as these placed along the road at the property line which would be permitted under this determination. Thank you for your review and consideration.

RE: SBL #65.00-1-19.2

Mr. Parslow

We received your letter on August 29, 2023 concerning a zoning board meeting to be held on September 19<sup>th</sup> in regards to a letter put forth by Mr. Manus to the Zoning Board of Appeals dated August 16.

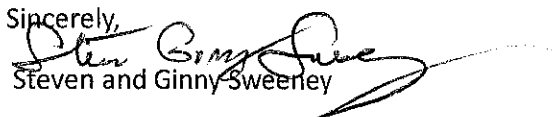

In the letter Mr. Manus request that a building on a property should be moved as it is combustible. He specifically states "This storage building is combustible", and suggests that "it may even store flammable materials".

A review of definitions of combustible materials in the NYS Building Code, NYS Fire Code and a review of International Codes suggests that a building simply being made of wood does not fit Mr. Manus's effort to exaggerate a fire threat to his property. If wood was an issue then we would need to clear cut a swath of land alongside all property lines much like is done for fighting forest fires. Underbrush on the other hand is a known threat to spreading fires. Mr. Manus's property is quite full of underbrush, pretty much along all sides of his property, whereas our property and most of his other neighbors property is mostly grass.

The codes do specifically call out Combustible Dust, Combustible Fibers and Combustible Liquids/Fluids. We do not have those as defined in codes on our property, nor would I imagine do the majority of private residences.

We are away on the 19<sup>th</sup>. Please pass along this information to the Board.

Sincerely,

  
Steven and Ginny Sweeney

Zoning Board Minutes  
September 19, 2023  
**Draft Copy**

**MEMBERS PRESENT:** Nelson Gage- Chairman, Jonathan Lack -Vice Chairperson, Matthew Ganster-Member, Daniel Boggs-Member, Charles Leoni-Member.

**INTRODUCTION:**

Chairman Gage welcomed everyone to the September 19<sup>th</sup> ZBA meeting. He stated that there are 2 public hearings with a third for Alisun Daus rescheduled to October because she couldn't be in attendance. He stated you can submit public comments prior to this meeting or be present in attendance. He asked if there was anyone in attendance regarding this matter on which there was no public comment.

**OPEN FORUM:**

Chairman Gage opened the open forum at 7:01 pm. Chairman Gage asked if anyone present at the meeting or on Zoom would like to participate in the open forum. Robert Eager residing at 768 Lawson Rd. spoke to the board about a zoning violation regarding a garage built too close to a property line. He brought a survey report showing this. The property owner had applied for a variance of 40 to 20 feet but was denied. The property owner then still went on to build the garage less than 10 feet from the property line with an issued permit. Chris Parslow, the town planner, states the landowner applied for variance in 2010 which was denied, but a building permit was issued with a 40-foot setback which was not abided by. A CO was issued, but the land was then surveyed thereafter, and it is only 9.6 feet from the property line. The board stated that this is an issue that needs to be addressed by the town attorney. Mr. Eager states that under Section 15 of the Town of Duanesburg ordinance the property owner should be notified and be asked to provide remedy to this issue. Chairman Gage reiterates that the town attorney must be addressed to resolve this issue. Chris Parslow, town planner, expresses to Mr. Eager that we are waiting to get advisement from the town attorney to properly send notice to the property owner. The town attorney is to be addressed Thursday 09/21/23 to address this issue and Mr. Eager shall receive correspondence by 09/22/2023. A garage was built with setbacks that were not abided by and broke the Zoning Law. Chairman Gage states he does not recall this application and the attorney and the Zoning Board need answers who will then give notice pertaining to this issue. Chairman Gage asks if Dale Warner, retired town planner, recalls the case. Chris Parslow states

Dale Warner signed the permit. The board states that this issue needs to be revisited and asks Mr. Eager when he has come aware of the issue. Mr. Eager states he became aware after researching online through SIMS and he then approached the property owner. Mr. Eager had the property surveyed to try to resolve issues for his family. Again, the board advises that the town attorney addresses the issue and Chris Parslow is to follow up with Mr. Eager.

Lance & Wendy Manus residing at 143 Albert Rd. spoke to the board about there not being any setbacks for accessory structures that are less than 144 square feet in the TOD zoning ordinance. Please see attached.

Chairman Gage states that the town attorney was approached regarding this issue, and she advised the board to hold a public hearing regarding this matter. Gage states that a motion to set a public hearing on October 17, 2023, to address an interpretation of the zoning code and an appeal of the building inspector's interpretation regarding setback requirements for accessory buildings 144 square feet or less is necessary.

Chairman Gage states that Zoom participation is now limited to audio only.
