TO: Chris Parslow, Building Inspector/CEO/Town Planner

September 11, 2023

RE: SBL #65.00-1-19.2

Mr. Parslow

We received your letter on August 29, 2023 concerning a zoning board meeting to be held on September 19th in regards to a letter put forth by Mr. Manus to the Zoning Board of Appeals dated August 16.

In the letter Mr. Manus request that a building on a property should be moved as it is combustible. He specifically states "This storage building is combustible", and suggests that "it may even store flammable materials".

A review of definitions of combustible materials in the NYS Building Code, NYS Fire Code and a review of International Codes suggests that a building simply being made of wood does not fit Mr. Manus's effort to exaggerate a fire threat to his property. If wood was an issue then we would need to clear cut a swath of land alongside all property lines much like is done for fighting forest fires. Underbrush on the other hand is a known threat to spreading fires. Mr. Manus's property is quite full of underbrush, pretty much along all sides of his property, whereas our property and most of his other neighbors property is mostly grass.

The codes do specifically call out Combustible Dust, Combustible Fibers and Combustible Liquids/Fluids. We do not have those as defined in codes on our property, nor would I imagine do the majority of private residences.

We are away on the 19th. Please pass along this information to the Board.

Sincerely,

Steven and Ginny Sweeney
