**Highway:** Highway Superintendent Reed stated that they are almost done cleaning the litter up from the sides of the town roads. They just have a couple more roads. He stated then they will move on to sweeping the roads and that they will have a lot of patchwork to do. He stated that

all of the trucks but one is now fixed. The one still broke is the one with the steering box issue. They have replaced it numerous times and it keeps breaking and they are not able to find anymore replacement parts for it.

**Public Safety:** Council Member Grant stated that DVAC had their open house on April 22<sup>nd</sup>. Supervisor Wenzel reported that he went to the open house and that it was well attended and that the DVAC staff numbers are growing.

**Parks:** Supervisor Wenzel stated that the next parks meeting is next week. He also stated that the Parks Board was approached by the Capital Disc Golf Association about putting in a second disc golf course at Van Patten Park. There is some grant money but there would also need to be some fundraising to have it happen. It would deplete the money in the Parks Department if they were to make a second disc golf course. The Park members are to be getting together their top priorities of things they would like seen fixed/replaced, etc. at the parks. A top topic is new tennis court nets and fixing up the tennis courts. Council Member Santulli suggested that with all the interest in Pickleball these days that maybe they should do something to make them Pickleball courts.

**Sewer District #1, 2 & 3:** Council Member Lucks reported that as you will see by a resolution in the Business part of our meeting that we need to replace an alarm system that went down at Pump Station 3 early last week. It alerts the staff of any problems at the plant. They are fixing this one and upgrading it to the same as the two at the other stations, that way they are all the same at each plant.

**Technology:** Council Member Santulli reported that there is nothing new to report.

Re: Privilege of the Floor

Dear William Wenzel,

Thank you for updating tonight's Agenda and including the draft AUD for fiscal year 2022.

I have two questions:

1. July 17, 2018 the town entered an Agreement with KB Group of NY, Inc, dab Prime AE Group of NY, for engineering services provided by Douglas P. Cole, P.E. on Eden Renewables Oak Hill Solar Project. The Agreement was amended on:

- #1 July 19, 2021
- #2 August 24, 2021
- #3 October 26, 2021
- #4 January 27, 2022
- #5 March 18, 2022
- #6 March 30, 2022
- #7 December 20, 2022

As of the December 20, 2022 Amendment #7 the fee for the Agreement is not to exceed \$109,300.00.

Where in the AUD FY 2022 would the escrow for Oak Hill Solar projects be found?  
Which bank account does the asset owner deposit the escrow funds into?

2. How much has the town paid Whiteman, Osterman and Hanna to employ Terresa Bakner, Esq. as counsel to the town board, planning board, zoning board and ethics board?

Thank you for your time and consideration.

Respectfully,

Susan Biggs

Re: Oak Hill Solar 1, LLC and Oak Hill Solar 2, LLC - SWPPP and the hunting access road

Dear William Wenzell and the town board,

At the September 19, 2019 Planning Board Meeting the planning board chair, Phil Sexton, asked the Applicant about the use of the project site for a hunting business. The following is from the transcript of this meeting:

Planning Board Chair: There was a question both on our walkthrough and this letter just about some existing hunting that's taking place. The question is is that going to continue?

Landowner: They're moving down the hill behind the property.

Planning Board Chair: So when you say down the hill toward you?

Landowner: Yeah.

Planning Board Chair: So further away from the neighboring property. Beyond the fence.

Landowner: Yes.

Planning Board Attorney: Let's review a second. Anybody that owns their property can post their property. If they post their property, then hunters are not permitted to go on their property. That's a state law, it's not controlled by the town. We don't regulate hunting, the DEC does. We can blame Jeff for that.

Planning Board Member: In terms of the SWPPP, I did just want to highlight they prepared a SWPPP, which was not required based on the amount of disturbance so they've gone above and beyond. As it was pointed out, we got some very good guidance from the DEC.

On November 10, 2022 and November 17, 2022 I submitted letters at the town board meeting and the town planning board meeting respectively documenting that the hunting business White Dog Preserves' hunters park along the access road for Oak Hill Solar 1, LLC and Oak Hill Solar 2, LLC. They use ATVs to cross the National Wetland Inventory riverine on Oak Hill Solar 2, LLC and drive north along the parcel's western property line. My letter's drew the town's attention to the unplanned and undisclosed commercial traffic's detrimental impact on stormwater runoff.

The traffic has eroded the wetlands and hillside boarding Biggs parcel. After just one hunting season the fragile soils are compacted and rutted. Stormwater and debris cascades into neighboring parcels to the North and East. Please see enclosed image from April 23, 2023.

The Applicant's Stormwater Pollution Prevention Plan did not account for the disturbance created by the hunter's access road. The landowner informed the board that the hunting business would move to another parcel.

I request that the town protect the neighboring properties from stormwater pollution and uphold the agreement made by the lease holder on September 19, 2019 that the hunting business is to be conducted on the parcel to the north with tax id 74.00-2-11.2.

Thank you for your time and consideration.

The hunters use ATVs to drive across the National Wetland Inventory riverine then north along Oak Hill Solar 2, LLC's eastern property line. They cross into the neighboring parcel with tax id 74.00-2-11.2.

The ATV's rut and compact the fragile soil. The hunters access road appears to be used multiple times on a daily basis. The damage shown in this image is from April 2022 to April 2023.

Rain and snow melt cascades down the ruts. The compacted clay soil does not absorb the water. The project site's water table is less than 1 feet deep.

Re: Oak Hill Solar 1, LLC and Oak Hill Solar 2, LLC

Dear William Wenzel and the town board,

At the April 13, 2023 town board meeting I asked the Supervisor to provide an update on Oak Hill Solar 1, LLC and Oak Hill Solar 2, LLC.

The Supervisor did not acknowledge my question. To date the town has not provided me with an update on how the solar facility will be brought into compliance.

Inspection reports from the town designated engineer, Douglas P. Cole of Prime AE, show that broken solar panels have been on the ground at Oak Hill Solar 2, LLC since at least December 19, 2022. Inspection Reports from:

- December 19, 2022 "Some of the solar panels fell to the ground from recent heavy snow load as the vertical supports posts under the panels buckled." And "Amp is aware and notified us via phone on 12/20/22."
- January 16, 2023 "The site has not changed much since the last site visit; the only work that has been done is partial repairs to the damaged solar panels."
- February 7, 2023 "The site superintendent is on site and opened all gates." "Some solar panels have been repaired and some are still some on the ground."

Four months have passed since the first report of the project's failure. To date, eleven rows of panels, that are approximately 275 feet in length, remain on the ground. The rows contain broken panels. Another row is in process of collapse. It contains broken panels.

The building permit posted at the project site entrance shows an expiration date of April 15, 2023.

On April 20, 2023 another mechanical lien against the property was filed with the Schenectady County Clerk. To date there are mortgages totaling more than \$29,000,000 and mechanical liens of almost \$1,500,000 filed against the property.

The project site looks like a junkyard. It is an eyesore and a safety hazard. It appears that no work is being done to clean up the mess.

The project's condition diminishes my property value. Would any of you want to have this mess next door? Would you purchase a home with this catastrophe as the neighbor?

Again, I ask the Supervisor what is the town doing to bring the solar facility into compliance and protect the neighboring property owners rights and their property values?

Has the town communicated with the project owner?

Has the town communicated with the landowner?

Has the town issued the two projects new building permits?

Legally, who is responsible to clean up this mess?

If you won't answer me this evening I request a written reply before the next town board meeting.

Thank you for your time and consideration.

Respectfully,  
Susan Biggs
