SD#3 Fund:

\$1,315.35

Total To Be Paid:

\$42,276.27

Supervisor Tidball: Ok, thank you. Committee reports. Let's start off with Highway, Bill.

Highway:

Highway Superintendent Reed: Since last highway report. We have geared up the machine and we have been patching up some smaller damaged areas from this last winter. The system works pretty good and it is pretty cost effective to mix up. We are almost done mowing, few more days of that and it will be completed. Today we paved the bottom half of Mt. View Lane, once that is cured the contractor will come back and chip seal that. Then we will be able to take care of the roads that are slated to be repaired on the north side of town. That is it.

Supervisor Tidball: Ok. Do you guys have anything else for Bill? Thank you. Public Safety there is nothing to report, right?

Public Safety:

Council Member Wenzel: No.

Supervisor Tidball: Like we said there are no meetings in the summer. Park Committee, Bill.

Park Committee:

Councilmember Wenzel: We had a meeting Tuesday night and we discussed some of the particulars for the stay at home for lack of a better term..stay at home parks program for the youth. We also discussed some infrastructure items, nothing major, but some small items that need attention. I will prepare a write-up to detail what some of those are so that we can get those addressed.

Supervisor Tidball: Ok, I have the flyer for the park program that I will read off (see attached).
Ok, Sewers.

Sewer Districts:

Councilmember Ganther: Read Dale's report (see attached). Alan Knight with the Duane Lake Association was going to setup a call with another town. That call is setup for the 15th @ 7:30.

Bill Brown: Spoke with Jamie at DEC on the status on the Delanson Project. Delaware is putting a letter together for them. Going to meet with Dale and the homeowners I think here in the next couple of weeks over in the Delanson plant district where we had the one sewer backup. We are looking to put a grinder station in, so we have some initial schedules together. We will let you know when that gets setup. We have not started the UV project for the Mariaville Plant yet, we are trying to concentrate on the Delanson project as that has a sooner deadline and we have more time to finish the Mariaville project.

Supervisor Tidball: Ok, thanks Bill. John anything with IT?

IT:

Councilmember Ganther: Ok, the broadband committee meetings are still on hold because of COVID so no update there. The website got upgraded this week by VTS. It required a dns changed and sometimes that takes a couple hours. The morning of the upgrade we could not update the website, but by afternoon we could. No problems there. We have a computer system security policy to review for next meeting that Terresa had forward over. Apparently, it is state mandated, and I will review and report back to the board next meeting. But we need to adopt some sort of policy that governs the use of data for employees.

Supervisor Tidball: I handed out before the meeting two quotes for cleaning services (see attached). They both will do what we need to be done. Pricing is quite a bit different between each one. I would like to make a decision to get it going as they have moved up the opening date for the courts. John did send us an email on the Comprehensive Plan Review and the items to clean up. I think as a group we are going to have to sit down and take a couple hours to go over it from front to back. When they have the draft completed John will forward for everyone to review before we meet. The Comprehensive Review Committee still waiting on some feedback to finish the draft.

Business Meeting:

Councilmember Potter: OK. Make a motion to authorize the extension of building permit issued before March 7, 2020 for a period of up to 120 days and extending Zoning Board of Appeals and

Local Planning Boards active approvals before March 7, 2020. Council Member Potter read the resolution. (please see attached)

Council Member Senecal: Second

Supervisor Tidball: Discussion on that because of COVID people had building permits in and couldn't follow-up in a timely manner because of COVID. This is a New York State bill. Any other discussion. Clerk call the roll please.

Town Clerk Howe: Councilmember Potter.

Councilmember Potter: Aye

Resolution 89-20: Council Member Potter motioned, seconded by Council Member Senecal to accept Peggy's Cleaning Service Inc. as a new vendor and hire them as a cleaner per their quote. Motion carried, 5 ayes

Supervisor Tidball: That is all we have for business. We do have two pieces of correspondence from residents. While we are doing these Zoom meetings if you want a statement read please make sure that you get it to the Town Clerk before the meeting so that it can be read during this time. Supervisor Tidball read a letter from Susan Biggs (see attached) and Lynne Bruning (see attached). One thing I will point out is that the Town Board nor any member of the board including myself cannot direct another board such as the zoning board and planning board to do anything. They are a freestanding board and that is why you have separation of government. We can speak to them and tell them our opinion, but we cannot direct them to do anything. They follow whatever rules that the Town Board sets and state law. Anyone else wish to speak?

Privilege of the Floor:

Councilmember Ganther: Yes, if you want to use your chat option, if you enter something into the chat that you would like to speak and I can unmute your microphone and let you speak. I'll give you 30 seconds or so to see if anyone has anything to add. I'm not seeing anything.

Privilege of the Floor Closed:

Supervisor Tidball: OK, then I'll make the motion for adjournment.

Councilmember Senecal: Second.

Supervisor Tidball: Clerk call the roll please.

Town Clerk Howe: Supervisor Tidball

Supervisor Tidball: Aye

Re: Cleaning

As a walkthrough of the building was done, the areas needing daily cleaning were pointed out. These areas are noted below under daily cleaning, while all other items will be done "weekly" Or "as needed", whichever comes first.

Daily Cleaning to include:

- Restrooms cleaned and disinfected
- Waste baskets
- All touchable surfaces (stair railings, doors and door handles, all horizontal surfaces)
- Court room - all furnishings cleaned, floors vacuumed and washed
- Meeting room – all furnishings cleaned, floors vacuumed and washed
- All *public* areas – furnishings cleaned, floors vacuumed and washed
- Common hallways – vacuumed and washed

Weekly or As needed areas

- Individual office areas – thorough dusting and vacuum done weekly, touch-up as needed

I would propose to do an initial clean of all the building including cobwebs, baseboards thorough cleaning of all furniture, doors, restrooms, stairs, floors etc. This is estimated to take 2 workers all day. 16 hrs x 2 @ \$32/hr. (discounted from our usual \$38/hr) \$512.00.

Moving forward on a daily schedule I would like to think it could be kept up in 3 hours or less.

Our hourly rate is \$32/hr bring the weekly cost not to exceed \$480 and could be less if less time needs to be spent.

Respectfully submitted,

Re: Extension of Eden Renewables Special Use Permit

Dear Supervisor Tidball,

Please read my statement during Privilege of the Floor at the July 9, 2020 Town Board meeting and include it in the official minutes as posted online.

June 11, 2020 James Muscato II, Esq. requested the Planning Board grant a 12 month extension for Eden Renewables Special Use Permit for Oak Hill 1, LLC and Oak Hill 2, LLC. This Special Use Permit request should be disqualified on the basis that Eden no longer owns the project and that transfer of ownership has not been included in the public record of the Planning Board, Town Board or provided thru multiple Freedom of Information Requests.

In any event, such a vote from the Planning Board would unnecessarily extend and encumber the town with legal obligations that may not be in its best interest and possibly compromise the town's overall financial tax base. Additionally, this vote would not reflect that the current owner/operator of the Project is AMP located at 1550 Wewatta. Street Denver, Colorado.

I request that Supervisor Tidball please instruct the Planning Board to table Eden Renewables request until 120 days after the September 19, 2020 expiration of Oak Hill Solar Solar Special Use Permit as in alignment with tonight's Town Board motion to authorize the extension of building permits issued before March 7, 2020 for a period of up to 120 days and extending Zoning Board of Appeals and Local Planning Boards active approvals before March 7, 2020.

These are uncertain times and the town should be prudent with its legal obligations and financial responsibilities.

Thank you for your assistance.

Re: extension of Oak Hill Solar Special Use Permit

Dear Supervisor Tidball and the Town Board,

Please read my statement at the July 9, 2020 Town Board meeting Privilege of the Floor and include it in the official record of the meeting minutes as found on the town website.

January 9, 2020 Town Board meeting approved Payment in Lieu of Taxes ("PILOT") agreements for Oak Hill Solar 1, LLC and Oak Hill Solar 2, LLC., the ("Project"). The documents found in the official minutes are signed by Oak Hill Solar Authorized Signatory Nicole LeBlanc and dated February 10, 2020. https://www.duanesburg.net/sites/g/files/vyhlf4351/f/minutes/january_9_2020_town_board_minutes_0.pdf

According to documents filed with New York State Department of Public Service ("NYSDPS") Document Master Mater ("DMM") case number 17-02273 January 17, 2020 for the Project Nicole LeBlanc is employed by Amp located at 1550 Wewatta Street, Denver, CO 80202. <http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterSeq=54794&MNO=17-02273>

March 8, 2020 I submitted Freedom of Information request to the Duanesburg Town Clerk for all documents concerning Eden Renewables, Oak Hill 1, LLC and Oak Hill 2, LLC between January 1, 2020 and March 9, 2020. I was not provided with any documents reflecting sale of Oak Hill Solar 1 & 2 from Eden Renewables to AMP.

When was the town notified that AMP was the new owner/operator of the Project? Please provide copies of documents indicating sale of Oak Hill Solar in digital format to me at lynnebruning@gmail.com

Why is Eden Renewables requesting the extension of Oak Hill Solar Special Use Permit when AMP is the owner/operator?

I request that Supervisor Tidball instruct the Planning Board to postpone the vote to extend Eden Renewables Special Use Permit for Oak Hill Solar until the current permit expires September 19, 2020 and any applicable town wide extensions, such as that on tonight's agenda, are exhausted.

It is not in town's best interest to legally or financially encumber itself with a project that has an extensive list of errors, omissions and active litigation in New York State Appellate Court Third Division.

Thank you for your time and attention to this matter.

Regards,

Lynne Bruning
