Regular Town Board Meeting
Meeting Time: 7:00PM

Meeting called to order by Supervisor Tidball at 7:00PM

**Present:** Supervisor Tidball, Council Members Ganther, Senecal and Wenzel, Town Clerk Howe Town Attorney Terresa Bakner Absent: Council Member Potter

Pledge of Allegiance

**Supervisor Tidball:** Ok tonight's board meeting Thursday June 10, 2021. Tonight, we are going to start off with a couple public hearings. I'll read the notices.

Public Hearing: Proposed Local Law 1 of 2021 entitled "Solar Energy Facilities Law".

**Supervisor Tidball** read the notice. (Please see attached.) . At this time, I make the motion to open the public hearing.

Council Member Senecal: Second.

**Supervisor Tidball:** Read email submitted from resident Lynn deForest of McGuire School Road (see attached) Does anyone wish to speak?

Lynne Bruning of 13388 Duanesburg Rd: On June 4<sup>th</sup> I submitted an email requesting Local Law 1 of 2021 "Solar Energy Facilities Law" and documents that would be discussed at the meeting. Your agenda along with the email I was sent from the town clerk does not include the law that you are reviewing tonight. How can I get a copy of that? (It has since been put on the website and was on there with the draft minutes from the last meeting. Also, a copy was given to Susan Biggs that night)

Peter Watrous of 475 Depot Rd: Asked about the email that was read. Supervisor Tidball clarified.

Susan Biggs of 13388 Duanesburg Rd.: I just wanted to comment on the prior person who zoomed in about visibility. We have had prior meetings here where we have had real estate agents come in and speak about the devaluing of property located by solar farms. Secondly, regarding the screening. It is my understanding that the law required screening the full length of an array. It was agreed after both Lynne and I spoke that it would be a max of 1600ft. There is no basic evergreen coverage on our side. I invite any of you to come and see the trees that are currently on the property. Thank you.

**Supervisor Tidball:** Anybody else wish to speak? Folks, we do have at the end of the meeting, we will also have an open floor too, to speak also. You can also email it over to the town clerk and she will distribute it to the town board. So, at this time, I'll make the motion to continue the public hearing to June 24<sup>th</sup>.

**Town Attorney Bakner:** Gave an overview of the local law involving events.

Resident Joe Serth of 8496 Mariaville Rd.: Would like us to define commercial in the law. Brought up amending the law to include driveways through the lake district properties. Had some questions about existing structures vs. new structures. Has had the fire chief out on his property to review the site plan for the property. Could we use neighboring property for egress during emergencies? Proposal for up to 200, under 100 is considered easier for inspections. He always makes sure his music is directed away from any residents. Had a question on whether there would be a limit to how many venues one could have. Planning Board does have the ability under their discretion.

**Supervisor Tidball:** Anybody else wish to speak? Folks, we do have at the end of the meeting, we will also have an open floor too, to speak also. You can also email it over to the town clerk and she will distribute it to the town board. So, at this time, I'll make the motion to continue the public hearing to June 24<sup>th</sup>.

Supervisor Tidball: Alright, we're going to go into Committee reports. We'll start off with Highway

### Highway:

**Hwy Superintendent Reed:** We are 85% complete with prepping the roads for resurfacing. We will start mowing next week.

Supervisor Tidball: Ok, Park Committee

### Park Committee:

**Council Member Wenzel:** Youth Program is a go! Bathrooms will be almost complete. We will be adding a member to the park committee during the business meeting.

**Sewer Districts:** 

Council Member Ganther: We had to get a new mower. Corey will try and fix the old one

during his down time. Grinder pump spare came in, We should order a couple more. Told Dale

to order more as long as there was money in the budget. No household grease should be going doen the drain. It creates a problem with the pumps. We will be keeping track of service calls to

see if there are repeated issues that need to be addressed. SD#3 had a high temperature alarm

going off, it was an error and ordered a replacement for that. John read report from Bill Brown

of Delaware Engineering (see attached).

Supervisor Tidball: Thank you. IT John.

Council Member Ganther: Ok, we had a broadband committee meeting scheduled for July 14<sup>th</sup>

at 6:30pm via Zoom. I have a meeting next Wednesday with Clint from Omnis. These will be

quarterly just like they were before Covid. We need a concrete plan for replacement of systems

to prevent downtime.

Supervisor Tidball: Discussed briefly that we received a proposal from CT Male for an addition

to Town Hall to include a bathroom downstairs. We will review and discuss at our next board

meeting.

Privilege of the floor:

**Lynne Bruning of 13388 Duanesburg Rd:** Thank you for taking the time to consider my comments before approving the revised Visual Screening Agreement for Oak Hill. These projects will forever change the landscape of out community, These properties are sold over

and over again to different solar companies. We need to think about the generations that are yet to come. Thank you.

Peter Watrous of 475 Depot Rd.: I take walks through town all the time and the ditches along side of the roads are filled with trash. Thinking of calling Dale and maybe organizing people and have a cleanup day. Also, had a question about the mowing of town land bordering Van Patten Mill park.

**Superintendent Reed:** Stated that he does have his guys pick up garbage on town roads after every winter. This year we got about 16 bags full.

**Susan Biggs of 13388 Duanesburg Rd.:** Brought up that there is a fungus going around effecting the evergreens that can not be controlled. Norway Spruce is the only evergreen that is holding up and not being effected. Just want to make sure that everyone is aware when spending the money to provide these screenings that we are choosing the right type of trees. Thank you.

Supervisor Tidball: Ok, if nothing else I will make the motion to adjourn

Council Member Senecal: Second it.

Solar power in Duanesburg town board meeting.

This comment needs to be addressed to the town board meeting Thursday June 10, 2021.

I would like to convey our feelings on solar power in the rural country side of our beautiful Duanesburg landscape. We oppose any erection of any solar power plant that is in view of any residents parcel of land, and or in view of any town or county road, no matter the size and numbers of the plant. Notification of such a project should be given to all residents of Duanesburg in a very timely manor, and all efforts to contact such individuals should be made in writing and public notice "at the time of any application is submitted for such a project " without hesitation! We would like to see a 32 foot sign be erected at the proposed site for more community notice.

We need to keep the rural atmosphere of our town just as it should be with no obscuring blatant unsightly solar fields obscuring the view.

Lynn deForest McGuire School road.

Subject: Delanson project

Afternoon Roger,

Construction continues in Delanson, the walls for the new tank were poured today, few pictures attached. A slab will be poured on top of this, and then a masonry building built on top of that to house the new screen. Equipment is on order, most is expected around August/September (screen, pumps, UV unit, etc). We will have an invoice and change order request from the GC at the next meeting. Change order is for rock removal needed to install the various piping around the site.

We received a request from EFC to conduct their standard project document review to show compliance with their various regs, we'll be trading info with them over next month.

On the Mariaville project plans were submitted to DEC for the new UV unit. We received some feedback <u>refrom them and will be sending revisions back</u>. Anticipate bidding this project 1st quarter 2021.

I'm not able to make the meeting tonight. If anyone has any questions or concerns let us know.

Thanks,

Bill Brown, P.E.
